**Role:** Project Manager (BFSI – Banking, Financial Services & Insurance)  
**Location:** Canary Wharf - London, UK  
**Type:** Permanent / Full-time  
**Employer:** Multi-National Consultancy  
**Salary:** Depending on Experience  
**Job Ref:** 5164

### **About the Role**

We are seeking an experienced and delivery-focused Project Manager to join our growing Banking and Financial Services practice in London. This is an exciting opportunity to work with leading financial institutions, delivering complex business and technology transformation programmes within a highly collaborative environment.

The successful candidate will be a hands-on project and programme leader who combines strong delivery expertise with a solid understanding of technology and business processes. You will be responsible for managing projects end-to-end, ensuring successful delivery against scope, budget, timeline, and quality objectives while engaging effectively with both business and technical stakeholders.

Due to the highly collaborative nature of the role and close engagement with client teams, this position requires a significant onsite presence in London.

### **Key Responsibilities**

- Lead and manage complex projects and programmes within banking and financial services environments.
- Take full ownership of project delivery from initiation through to implementation and post-delivery support.
- Develop and maintain project plans, governance frameworks, risk registers, budgets, and delivery roadmaps.
- Manage project financials, including budgeting, forecasting, resource planning, and cost control.
- Coordinate cross-functional teams comprising business stakeholders, technology teams, vendors, and third-party partners.
- Drive programme governance, reporting, stakeholder communications, and executive-level updates.
- Identify, manage, and mitigate project risks, issues, dependencies, and change requests.
- Ensure alignment between business objectives, operational processes, and technology solutions.
- Facilitate workshops, requirements discussions, and decision-making forums with senior stakeholders.
- Promote delivery excellence and ensure projects are executed in line with organisational standards and client expectations.

### Required Skills & Experience

- Proven experience delivering large-scale projects and programmes within the Banking, Financial Services, or Insurance sector.
- Strong project and programme management capability with a demonstrable track record of successful delivery.
- Experience managing project budgets, forecasts, financial controls, and resource planning.
- Hands-on understanding of technology delivery, systems implementation, and business process transformation.
- Ability to engage confidently with technical teams and senior business stakeholders.
- Strong stakeholder management, communication, and influencing skills.
- Experience operating in complex, fast-paced, and highly regulated environments.
- Self-starter mentality with the ability to work independently and drive outcomes with minimal supervision.
- Strong problem-solving and decision-making capabilities.
- Experience managing projects end-to-end across the full project lifecycle.

### Preferred Qualifications

- Experience within major retail, commercial, investment, or corporate banking environments.
- Knowledge of regulatory, risk, compliance, payments, lending, or digital transformation initiatives.
- Professional certifications such as PMP, PRINCE2, Agile, Scrum, MSP, or equivalent.
- Experience working within a consulting or professional services organisation.

### What We Offer

- Opportunity to work with leading global banking and financial services clients.
- Exposure to large-scale transformation and technology programmes.
- Collaborative and diverse international working environment.
- Competitive salary
- Clear career progression within a global consulting organisation.
- If you are a delivery-oriented Project Manager with strong banking experience, commercial awareness, and the ability to bridge business and technology teams, we would welcome your application.
